Jr. Woman's Club Honors Raiderettes

Mrs. Carolyn Thompson, left above, President of Appomattox Junior Woman's Club, presents "Most Improved Player" award to Miss Susan Godsey for her outstanding performance during 1978 Raiderette Volleyball season. Coach Lucy Harris, on right, shows her approval.

Award was presented in ceremonies following banquet, honoring A.C.H.S. girls who won Seminole District Volleyball Championship, and sponsored by Appomattox J.W.C.

Girls Volleyball Banquet Held

The Appomattox Junior Women's sponsored the Girl's Volleyball Team Banquet Tuesday, December 5 at the Pizza Hut. Mrs. Cathy Blackwell was in charge of banquet. Approximately 50 team members, parents, and guests were present. The highlight of the evening was the presentation of the "most improved player award." This award is given to the team member who's playing performance improved the most from the previous season.

Mrs. Lucy Harris, coach of the girl's volleyball team, presented the award to Miss Susan Godsey. Mrs. Carolyn Thompson, president of the Appomattox Junior Woman's Club, presented the trophy on behalf of the club. Susan, the daughter of Mr. and Mrs. Jack Godsey, is a senior at Appomattox County High School.

Susan was selected for the award on the basis of her outstanding and improved performance over last season. Susan was the leading scorer in several games during the season and one of the teams leading spiker. She was also selected because of her dedication, many times she continued to practice long after regular practice time ended.

Mrs. Harris also congratulated other members of the team for their outstanding work.

"GETTING TO KNOW LONGWOOD" - On December 5, a "Getting To Know Longwood Party" was held at Appomattox County High School for those Juniors and Seniors who are interested in becoming students at Longwood College. Among those attending were Tamara Nash, a Senior who has been accepted at Longwood; Molly Handy, a high school student; Nicki Fallis, Longwood's Assistant Director of Admissions; and Nancy Shelton, Longwood's Alumni Director.

Changing Home Lifestyles

In the 1800s one job many American women found to be all wet was drying the clothes. Summer and winter, each cold, heavy, sodden piece of clothing and linen had to be taken outside and hung up on the line with wooden pins. If a sudden shower occurred all the work was wasted. If the sun was too strong colors could fade. Unless the clothes were firmly fixed to the line, a strong wind could blow the whole job.

Drying today involves far fewer hangups. Modern work-savers include an automatic dryer that can be set to get all kinds of clothes dry. Adjustable to the right time and temperature for delicate lingerie, permanent press or heavy towels, it's made by Whirlpool and can save you time, allowing you to get out of the house—to do more than hang up the laundry.

Boosters Club To Meet Dec. 18

E·C· GLASS 47 Raiderettes 26

The Raiderettes are getting an education the hard way by opening the basketball season playing Heritage (away) E. C. Glass (away) and Heritage (home.)

The Glass girls handed the Raiderettes their second loss of the young season 47 to 26 in Lynchburg last Wednesday night.

Tracy Wooldridge scored 18 points to lead the Glass attack while Susan Godsey and Annette Carter each scored 10 points for the Raiderettes.

Glass made 38% of the field goal attempts compared with 19% for Appomattox, however the Raiderettes shot 57% from the free throw line.

After three AAA opponents, the Raiderettes are looking forward to their return to Seminole District competition when they meet Altavista on Tuesday, December 19 at Altavista. On this same date, both boy's and girl's jayvee teams will play Altavista in the Appomattox Middle School gym.

Raiders Host Nelson Governors In Home Opener

The Raider basketball team will start its 1977-78 Seminole District season by playing host to the Nelson County Governors Friday night.

The J. V. Raiders will begin play at 6:30 p.m. followed by the varsity game at 8:00 p.m.

Probable starters for the varsity include Joe Fraley, 6'2", at point guard, Arthur Haskins, 6'1", forward, Larry Kelso, 6'3", or Shane Abernathy, 6'4", at center, Tony Hancock, 5'10", at guard and Terry Woods 5'10", or Phil (Gus) Paulette 6'0" at forward.

Fraley has been designated floor leader and will bring the ball down on offense.

Actually, the first game for the Raiders is a non-district contest at Buckingham on Wednesday, December 13 which will give Coach Howard Clabough a good look at his team in action before they clash with a tough Seminole District opponent.

Since this is the only home game until after the Christmas Holidays, fans will want to fill the gym for an evening of exciting basketball action.

TIPS ON PLANNING

GETTING IT TOGETHER

More and more parents who have wished that their high school youngster would get it together, are looking at a new program designed to help their son do just that, while helping him get ahead with his life, too.

A GOOD MARINE is a better civilian.

Here's how it works: If your son graduates, the Marine Corps Reserve will pay him about $53 a month for working one weekend a month while in high school. After graduation, he can earn about $2,200 for approximately 143 days of active duty training. Then he returns home to his friends and family—and a good-paying part-time job one weekend a month, two weeks each summer.

As a Marine Reservist he'll have all the benefits of Marine training and all the advantages of civilian life. For further information about this program call 800-423-2600 toll free, or in California 800-252-0241. It's a good way to get it all together.

BOARD DISCUSSES SOCIAL STUDIES SKILLS

Continued From Page 1

Social Studies Department.

After considerable discussion the board tentatively accepted the recommendations of the committee which will require students to demonstrate competency in the following five basic areas:

1. To understand and exercise one's basic rights and responsibilities as a participant in his government.

2. To understand and practice sound habits of rational thought and to analyze the reasoning of others in the solution of social, economic, and political problems.

3. To know and understand historical information necessary for citizenship and for understanding current issues.

4. To understand the influence of geographic conditions or factors on the individual.

5. To understand the effect of world affairs on the individual.

The Committee will continue to work on procedures, testing instruments and observation guides to be used to determine if students have achieved a minimum level of performance in each of the five basic areas.

The board reviewed certain factors which will influence the 1979-80 budget. Funds from the state will be approximately the same as this year. However, the funds provided per student from the state will increase, an anticipated decrease in the student population next year of seventy-five will offset any financial gain.

Inflation continues to create the most serious problem in budget development. Operational costs continue to rise. To attract and keep the best teachers, salaries must be competitive with surrounding divisions.

The board will review and consider in the months ahead all matters relating to the budget for 1979-80.

The school board reviewed policies in the area of special education. Revisions became necessary because of requirements placed upon local school divisions by P.L. 94-142. The revised policies are available in the school board office for interested persons to review. The policies will be considered by the school board for official adoption at the January meeting.

SUPERVISORS AGREE TO LIMIT ON PAY HIKES

CONFUSION DEVELOPS OVER CABLE TV BIDS

confusion kept the county supervisors from opening two bids Friday they had received for a cable television franchise.

Both the county and the Town of Appomattox had advertised for bids on cable TV service after passing separate ordinances establishing a franchise.

Both advertisements apparently covered the same service area, most of which would be within the town limits.

While the supervisors felt both bidders, Ronald M. Coleman and Lynchburg Cablevision, had based their prices on the same territory, the town of Appomattox only received one bid, that from Coleman.

Town manager, W. R. Britton, Jr., said because of this he was not sure if the town could legally accept the Lynchburg firms bid, which has been sent to the county.

Supervisors decided to open the bids at a recessed meeting of a later date after consulting with Commonwealth's Attorney William S. Kerr about the situation.

Terry Woods Received Award

On December 7 when the Appomattox Lions Club entertained the A.C.H.S. Raider football team at their traditional football banquet, Terry Woods was presented the Lions Club Award as "Best Back of the Year". He gained over 1200 yards carrying the ball and scored 14 touchdowns during the season. Woods, center above, is shown with Bob Thalman, left, head football coach at Virginia Military Institute and guest speaker for the evening; and Stuart Justus, right, head football coach for the Raiders.

Mr. W. C. Dudley reported that since 1948 Appomattox has won 207 games, tied 9, and lost 80, and has only had two losing seasons. Quite a record!

Jr. Woman's Club To Sponsor Play

The Appomattox Jr. Woman's Club will sponsor the play "Who's Counting" by Elizabeth Blake on Tuesday evening, December 19, at 8 o'clock p.m. at the Liberty Baptist Church Fellowship Hall. The public is invited to this brief live drama presented by Family Service of Central Virginia.

This play, about "the myths of aging," is written by a professional playwright and performed by local actors.

"Who's Counting" provides an opportunity for reflection on today's senior citizen:

- are all elderly people alike?
- does turning 65 mean turning senile?
- do elderly people have something special to offer?

After the play, an opportunity for an open exchange of ideas will be led by a trained leader from the agency. Refreshments will be served.

The Appomattox Jr. Woman's Club offers this community service and urges the public to attend.
